COOKING

KitchenAid® Ranges

Whirlpool Corporation Confidential

Burner Power

KitchenAid® burners supports a variety of cooking techniques.

KSDB900 provides the perfect range of cooking power from 5,000 to 19,000 BTU.
Creators can go from a rolling boil to a delicate simmer.

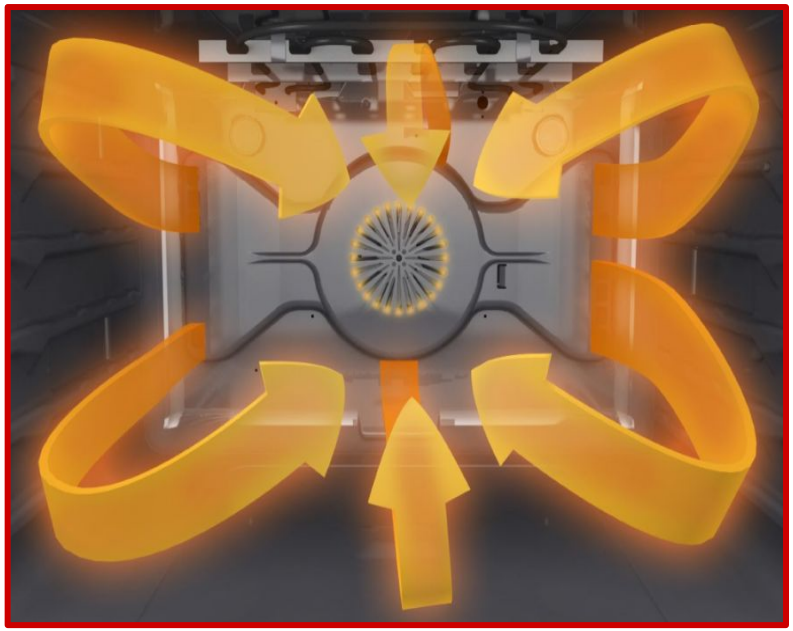

KFGD500ESS
1356410

KSDB900ESS
1356286

Whirlpool Corporation Confidential

Even-Heat™ True Convection

Uses a unique bow-tie baffle to break up airflow patterns in the oven cavity, ensuring the whole oven is heated evenly and helping to prevent the heat trapping that can take place during multiple-rack baking.

KFGD500ESS
1356410

KSDB900ESS
1356286

Premium Features

Extra-Large Cavity Capacity

Provides room for multiple dishes at once

Steam Cooking

Offers the ability to provide additional moisture to the inside of the oven, enhancing cooking results.

KSDB900ESS
1356286

Whirlpool Corporation Confidential

Baking & Warming Drawer

The separate compartment adds more cooking options to the oven by allowing creators to keep warm, slow cook or bake at a different temperature and keep dishes warm

KSDB900ESS

Whirlpool Corporation Confidential

KSDB900ESS - on Costco Sales Floors

5-Burner, Dual-Fuel Slide In Range

1

Even-Heat™ True Convection

Features a unique bow-tie design with heating element and fan that circulates hot air throughout the entire oven

2

Steam Rack

Offers the ability to provide additional moisture to the inside of the oven, enhancing cooking results

3

Baking Drawer

The separate compartment allows you to keep warm, slow cook or bake at a different temperature and keep dishes warm.

Microwave Hood

KMHC319ESS

- Convection
- Sensor Steam/Simmer Cook
- 1.9 Cu. Ft. Capacity
- 1000 Watts Power

Whirlpool Corporation Confidential

Ventilation System

6-Speed 400 CFM Motor Class Ventilation System*

*Performance Varies Based on Installation. Resources Available at Based at AHAM.org

Captures smoke, grease and odors from the cooking surface below.

Whirlpool Corporation Confidential

Cooking Cycles

Convection Cooking

Allows for baking at up to 435° F in the microwave

Whirlpool Corporation Confidential

Cooking Cycles

Sensor Steam/Simmer Cook Cycle with Steamer Container

A sensor microwave oven cycle that allows for precise steaming and simmering based on the food type and doneness level selected

Whirlpool Corporation Confidential

KMHC319ESS - on Costco Sales Floors

30” 1000-Watt Microwave Hood with Convection

1

Convection Cooking

Circulates heat around the oven cavity with a 1500-watt convection element that allows baking at temperatures up to 425° F

2

Sensor Steam/Simmer Cook Cycle with Steamer Container

Features a microwave sensor that triggers a cycle that precisely steams food based on type and selected doneness

3

6-Speed 400 CFM Motor Class Ventilation System

Captures smoke, grease and odors from the cooking surface below for everything from simmering to high temperature cooking techniques
